2013-00-107	Transportation of Radioactive Material--8 hrs Roy A. Parker 4/16 4 yr credit (2013-2016)		16

Any NECHPS technical meeting not found in the list above automatically qualifies for 2 CEC's and will not be found online at www.hps1.org/aaph.

For the NERHC / NECHPS Joint Meeting and any NECHPS Technical Symposium that are not assigned a AAHP ID number, CEC's are assigned based on 2 credits per half day up to 12 credits per meeting, even if the meeting is four (4) or more days long. The (+) indicates additional CEC's may be claimed for each additional half day of attendance at the meeting that has been assigned a particular AAHP ID number. Those meetings whose title and date are asterisked (*) are being reviewed by the AAHP for more than 2 credits per half day. This does not mean they will be approved for more credit.
